

USSS Special Agent Entrance Exam – Practice Test 01

30 questions · Figural Reasoning · Detail Observation · Logic-Based Reasoning · Aligned to 2026 SAEF format

Instructions. Treat this as a timed exam. Suggested pacing:

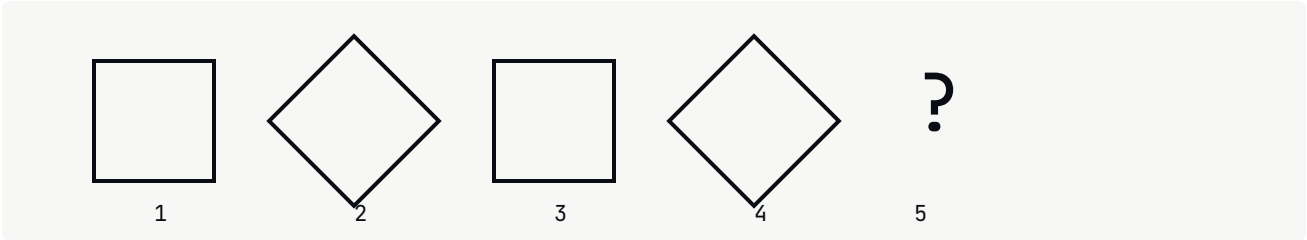

- **Section A (Figural):** 10 questions in 12 minutes.
- **Section B (Observation):** Study each scene for 90 seconds. Then answer with the scene covered. 5 questions per scene.
- **Section C (Logic-Based Reasoning):** 10 questions in 25 minutes. Treat all premises as TRUE even if absurd. Use ONLY the information given.

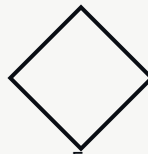

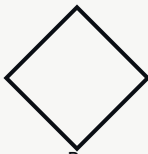

Answer key and explanations at the bottom. Do not reveal them until you finish.

SECTION A – Figural Reasoning (1–10)

Identify patterns, transformations, and relationships in shapes.

1. Which figure comes next in the sequence?

A. Square upright

B. Square rotated 45°

C. Circle

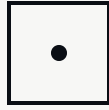

D. Triangle

E. Diamond

2. Which figure does NOT belong with the others?

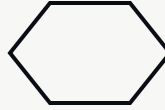

A

B

C

D

E

A. Triangle

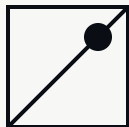

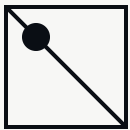

B. Square

C. Pentagon

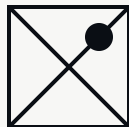

D. Hexagon

E. Circle

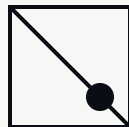

3. The figure on the LEFT is rotated 90° clockwise. Which option shows the result?

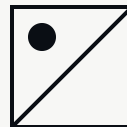

A

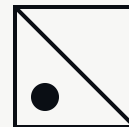

B

C

D

E

A. A

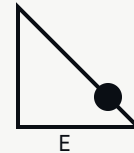

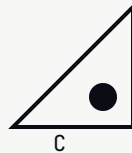

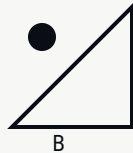

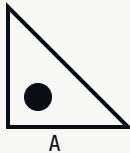

B. B

C. C

D. D

E. E

4. Which figure is a true MIRROR image (left/right flip) of the figure shown?

A. A

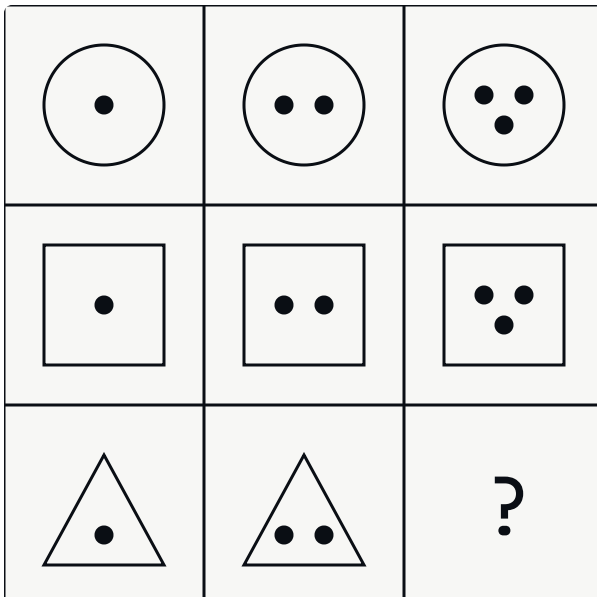

B. B

C. C

D. D

E. E

5. What figure replaces the question mark in the 3×3 grid?

A. Triangle with 1 dot

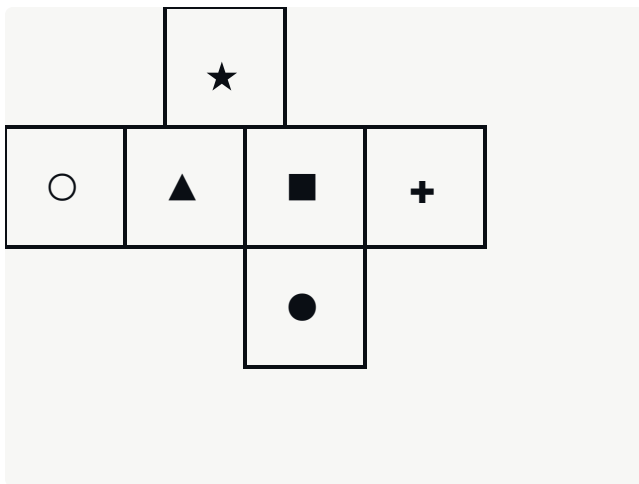

B. Triangle with 2 dots

C. Triangle with 3 dots

D. Square with 3 dots

E. Circle with 3 dots

6. The unfolded net below is folded into a cube. Which face will be OPPOSITE the face marked with a star (★)?

A. Circle (○)

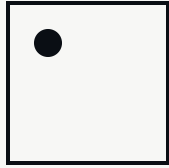

B. Triangle (▲)

C. Square (■)

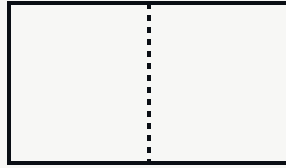

D. Cross (+)

E. Filled dot (●)

7. A square sheet of paper is folded in HALF (left over right), then a single hole is punched at the location shown. When unfolded, where will the hole(s) appear?

folded

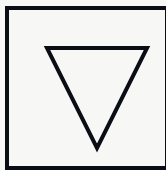

unfolded

- A. One hole, top-left only
- B. One hole in the center
- C. Two holes, top-left and top-right (mirrored across the fold)
- D. Two holes, top-left and bottom-right
- E. Four holes, all corners

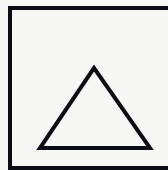

8. Which of the answer figures contains the TARGET shape exactly as shown (same size, same orientation, no rotation)?

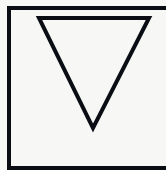

target

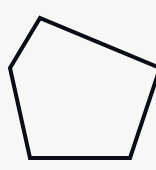

A

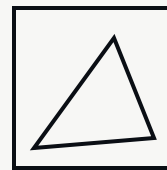

B

C

D

E

- A. A
- B. B
- C. C
- D. D
- E. E

9. The shaded region rotates one position clockwise inside each figure. Which is next?

?

A. Top quadrant filled

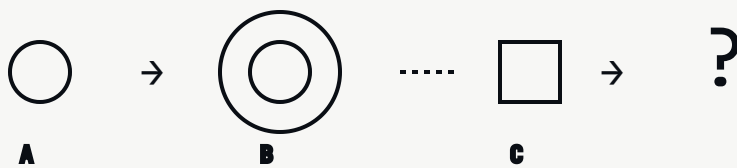

B. Right quadrant filled

C. Bottom quadrant filled

D. Left quadrant filled

E. All four filled

10. Figure A is to Figure B as Figure C is to ___?

A. A small circle inside a large square

B. A small square inside a large square (concentric)

C. A large square only, no inner shape

D. A small square inside a large circle

E. Two squares side by side

SECTION B – Detail Observation (11–20)

Study each scene carefully, then answer the questions about it.

Scene 1 – Hotel Lobby (study for 90 seconds, then cover)

⌚ Set a timer for 90 seconds. Memorize what you see. Then scroll past the scene to answer.

11. What time was displayed on the lobby clock?

A. 9:15

B. 10:25

C. 11:40

D. 2:30

E. No clock was visible

12. What color was the coat worn by the woman standing near the plant?

A. Black

B. Navy blue

C. Red

D. Beige

E. Green

13. How many people were visible in the lobby (including any uniformed staff)?

A. 2

B. 3

C. 4

D. 5

E. 6

14. Which of the following items was the man at the reception desk carrying?

A. A laptop

B. A briefcase

C. A duffel bag

D. An umbrella

E. Nothing

15. A security camera was visible in the scene. Where was it located?

A. Above the reception desk

B. Above the painting

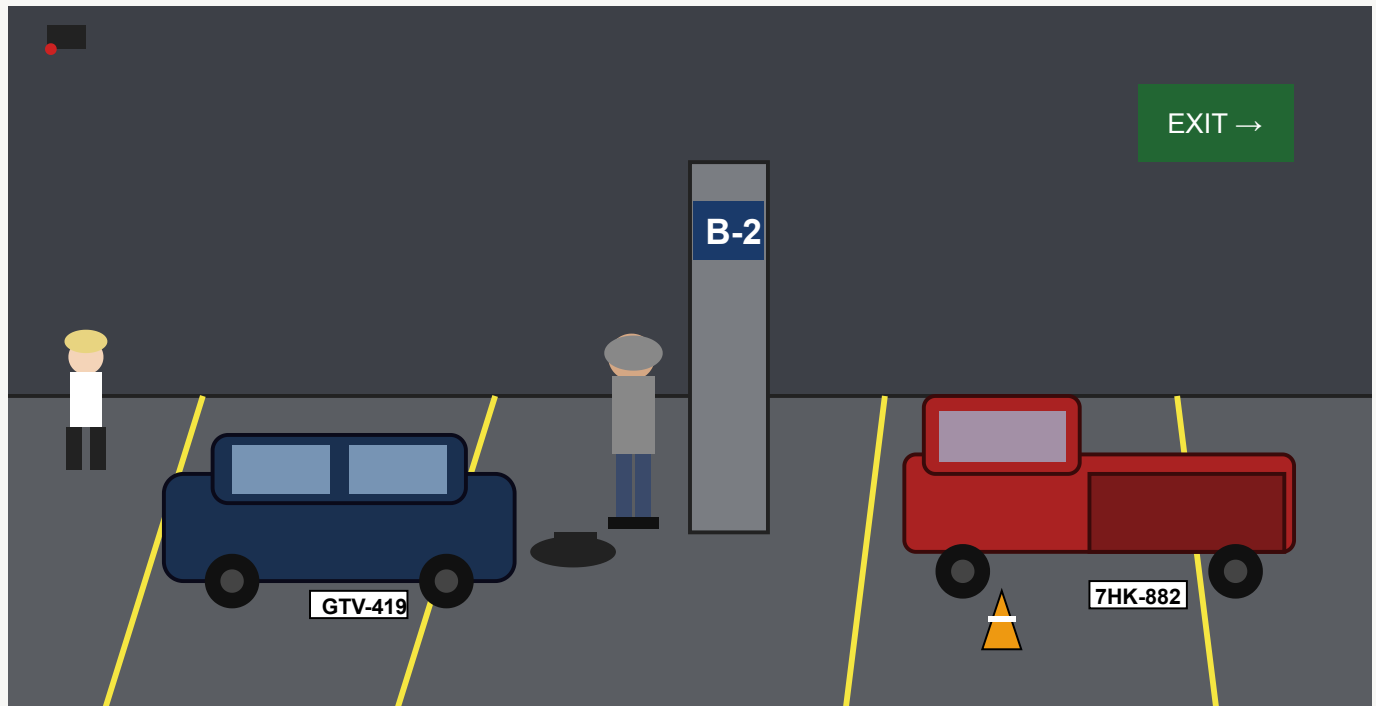

C. Upper-right corner of the lobby

D. Upper-left corner near the clock

E. No camera was visible

Scene 2 – Parking Garage Incident (study for 90 seconds, then cover)

🕒 Set a timer for 90 seconds. Memorize what you see. Then scroll past the scene to answer.

16. What was the license plate of the dark blue sedan?

A. GVT-419

B. GTV-419

C. GTV-491

D. 7HK-882

E. No plate was visible

17. What was the parking-level designation shown on the central pillar?

A. A-1

B. B-2

C. B-3

D. P-2

E. No sign was visible

18. Describe the person standing BETWEEN the two vehicles.

A. Woman in a red coat with no bag

B. Man in a gray hooded sweatshirt and blue jeans, with a dark duffel bag near his feet

C. Man in a black suit carrying a briefcase

D. Child in a blue jacket with a red backpack

E. Uniformed security guard

19. What color was the pickup truck on the right side of the scene?

A. White

B. Black

C. Red

D. Silver

E. Dark green

20. Which direction was the second person (the one in the white shirt) moving?

A. Toward the camera (foreground)

B. Away from the camera (toward back wall)

C. Toward the right (toward the exit sign)

D. Toward the left (away from the parked cars)

E. Standing still next to the pickup

SECTION C – Logic-Based Reasoning (21–30)

Treat all premises as TRUE, even if they contradict the real world. Use ONLY the information given. Do not assume what is not stated.

21. All field agents must complete weapons qualification quarterly. Anyone who has not completed weapons qualification this quarter is restricted to administrative duty. Agent Reyes was on protective detail last week. Which conclusion is most strongly supported?

A. Reyes is a field agent.

B. Reyes completed weapons qualification this quarter.

C. Reyes is restricted to administrative duty.

D. Protective detail does not require weapons qualification.

E. Reyes is a supervisor.

22. If a vehicle enters the secure perimeter without a valid credential, the gate alarm activates. The gate alarm did NOT activate at 14:07. From this alone, what can be concluded?

A. No vehicle entered at 14:07.

B. Any vehicle that entered at 14:07 had a valid credential.

C. The alarm system was disabled.

D. Every vehicle in the perimeter has a valid credential.

E. A vehicle entered without a credential, but the alarm failed.

23. Every counterfeit bill seized in this district has been printed on bond paper. The bill recovered at the scene was printed on cotton paper. Which statement must be true?

A. The bill is genuine.

B. The bill was not seized in this district.

C. The bill is a counterfeit not previously seized in this district.

D. Some counterfeit bills are printed on cotton paper.

E. The bill is from a foreign printing operation.

24. No member of the advance team is permitted to carry personal electronics into the secure venue. Officer Hale carried a personal smartwatch into the venue. Which conclusion follows?

A. Officer Hale is not a member of the advance team.

B. Officer Hale violated the personal-electronics policy.

C. The smartwatch was confiscated.

D. Officer Hale is a member of the advance team but used an exemption.

E. Both A and B are equally supported.

25. The duty roster lists four agents on the south post: Avery, Brown, Chen, and Diaz. Avery's shift starts before Brown's. Chen relieves Avery directly. Diaz works the final shift. Which order of shifts is consistent with all statements?

A. Brown, Avery, Chen, Diaz

B. Avery, Chen, Brown, Diaz

C. Avery, Brown, Chen, Diaz

D. Chen, Avery, Brown, Diaz

E. Avery, Diaz, Chen, Brown

26. If a suspect is interviewed before counsel arrives, any statement made is excluded from prosecution. The statement made by the suspect on Tuesday was admitted into evidence. Which is most strongly supported?

A. Counsel had arrived before the Tuesday statement was taken.

B. The suspect waived counsel.

C. The suspect was guilty.

D. The court made an error.

E. The interview was recorded.

27. Some agents in the field office are bilingual. All agents who passed the language proficiency exam are bilingual. Agent Park is in the field office and is NOT bilingual. Which conclusion follows?

A. Park did not pass the language proficiency exam.

B. Park is not an agent.

C. No bilingual agents are in the field office.

D. Park failed the language proficiency exam.

E. Most agents in the field office did not pass the exam.

28. A vehicle is impounded if and only if it is reported stolen AND found on federal property. The black sedan was reported stolen. From this alone, what can be concluded about whether it will be impounded?

A. It will be impounded.

B. It will not be impounded.

C. It will be impounded only if also found on federal property.

D. It is on federal property.

E. Nothing can be concluded – the report alone is insufficient.

29. All agents assigned to Detail K hold a Top Secret clearance. Agent Vega holds a Top Secret clearance. Which conclusion is justified?

A. Vega is assigned to Detail K.

B. Vega is not assigned to Detail K.

C. Whether Vega is on Detail K cannot be determined from the given information.

D. All Top Secret holders are on Detail K.

E. Vega has been vetted for Detail K.

30. If the threat level is elevated to RED, all motorcades are rerouted through the secondary corridor. The motorcade on Friday traveled the primary corridor. Which conclusion is most strongly supported?

A. The threat level on Friday was not RED.

B. The secondary corridor was closed.

C. The motorcade violated protocol.

D. The threat level was YELLOW.

E. No threat assessment was conducted.
