

USSS Uniformed Division Entrance Exam:

Practice Test 08

30 questions · Maximum difficulty · Painted-cube figural · Rally + monument observation ·
Permutation, quantifier, and calendar LBR · 2026 UDEE format

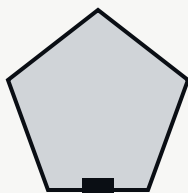

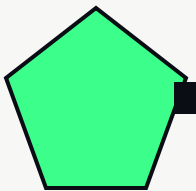

Instructions. Test 08 covers different question patterns than Tests 05, 06, and 07.
Target: 65 minutes total.

- **Section A (Figural):** 10 questions in 15 minutes. Expect painted-cube counting, cross-sections, geometric sequences, clock-angle geometry, and rotational symmetry.
- **Section B (Observation):** Study Scene 15 for 90 seconds, then Scene 16 for 90 seconds. Answer all 10 questions without scrolling back.
- **Section C (LBR):** 10 questions in 30 minutes. Expect necessary-vs-sufficient parsing, permutation counting, quantifier syllogisms, calendar puzzles, and a 4-statement self-referential puzzle (new).

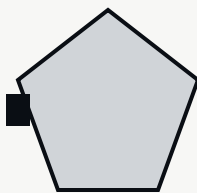

Answer key: Separate file: [answer-key-test-08.html](#). Do not peek until you finish.

SECTION A: Figural Reasoning (1 through 10)

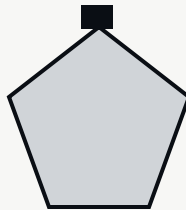

1. The pentagon with a small notch on its right side is rotated 270° CLOCKWISE. Which option (A through E) correctly shows the result?

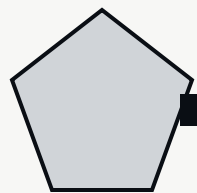

A

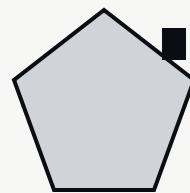

B

C

D

E

A. A: notch now on the BOTTOM

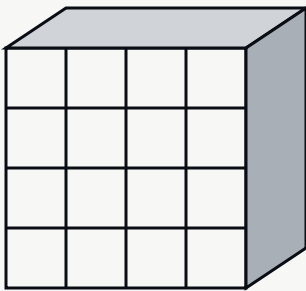

B. B: notch now on the LEFT

C. C: notch now on the TOP

D. D: notch still on the RIGHT (unchanged)

E. E: notch on the upper-right (diagonal)

2. A large cube is made of 64 smaller unit cubes arranged $4 \times 4 \times 4$. The OUTSIDE of the large cube is painted red. The large cube is then disassembled. How many of the 64 unit cubes have EXACTLY ONE face painted red?

A. 8

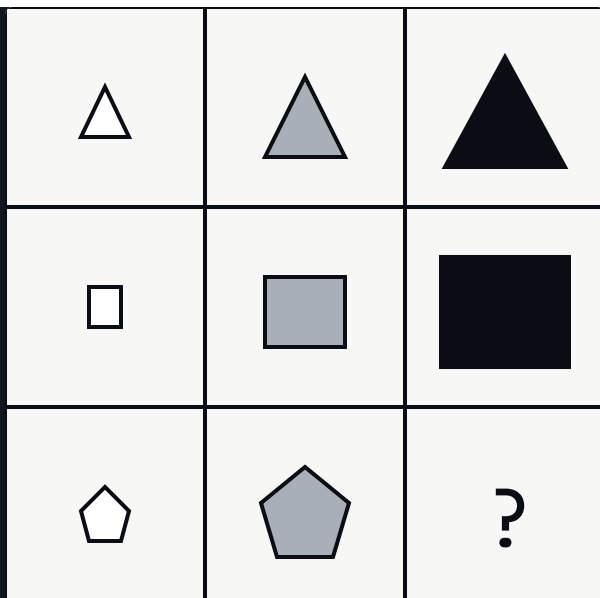

B. 16

C. 24

D. 36

E. 48

3. The 3×3 matrix obeys TWO rules. Rows change shape. Columns change size AND fill together (small white, medium gray, large black). Which figure fills the missing cell at row 3, column 3?

- A. A small white pentagon
- B. A medium gray pentagon
- C. A large black pentagon
- D. A large black hexagon
- E. A medium black pentagon

4. A cube with all 6 outer faces painted red is cut into $3 \times 3 \times 3 = 27$ smaller unit cubes. How many of the 27 unit cubes have EXACTLY TWO faces painted red?

- A. 6
- B. 8
- C. 12
- D. 18
- E. 20

5. Find the rule and the missing value.

2

6

18

54

162

?

A. 216

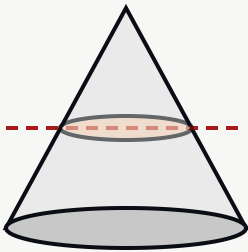

B. 324

C. 486

D. 540

E. 648

6. A right circular cone is sliced by a flat plane PARALLEL to its circular base. What is the shape of the resulting cross-section?

A. Triangle

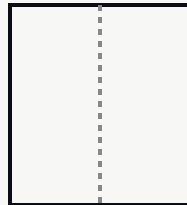

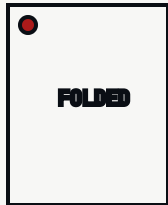

B. Circle

C. Ellipse

D. Parabola

E. Rectangle

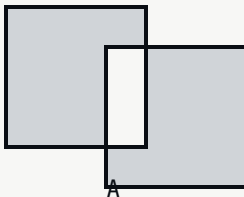

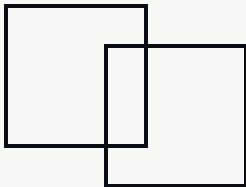

7. A square sheet is folded in HALF (2 layers). A single hole is punched NEAR ONE CORNER of the folded piece (not at the center). When unfolded, where do the holes appear?

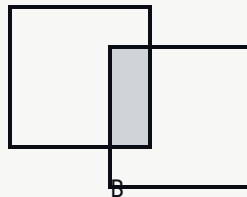

UNFOLDED

- A. 1 hole, at the upper-left corner only
- B. 2 holes, both near the upper-left corner
- C. 2 holes, MIRRORED across the fold line (one upper-left, one upper-right)
- D. 4 holes, one in each corner
- E. 2 holes, stacked vertically in the middle

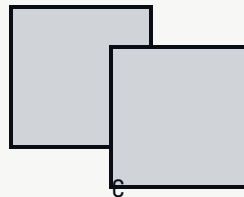

8. Two squares are drawn overlapping as shown on the left. Which option correctly shades the UNION MINUS the INTERSECTION (the region inside either square but NOT inside both)?

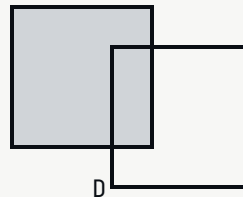

A

B

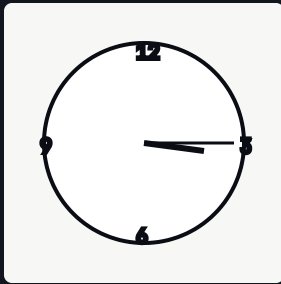

C

D

- A. A: both squares shaded, overlap rectangle empty
- B. B: only the overlap rectangle shaded
- C. C: full union (both squares) shaded
- D. D: only the left square shaded
- E. E: None of the options depicts the requested region correctly

9. What is the acute angle between the HOUR HAND and the MINUTE HAND of a standard analog clock at exactly 3:15?

A. 0°

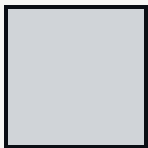

B. 7.5°

C. 15°

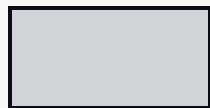

D. 22.5°

E. 30°

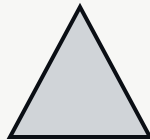

10. Which of the following figures has 180° ROTATIONAL SYMMETRY (looks identical after a half-turn) but does NOT have 90° rotational symmetry (does NOT look identical after a quarter-turn)?

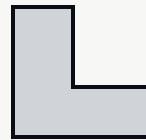

A

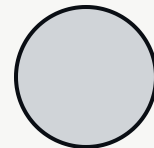

B

C

D

E

A. A: the square

B. B: the rectangle (non-square)

C. C: the equilateral triangle

D. D: the L-shape

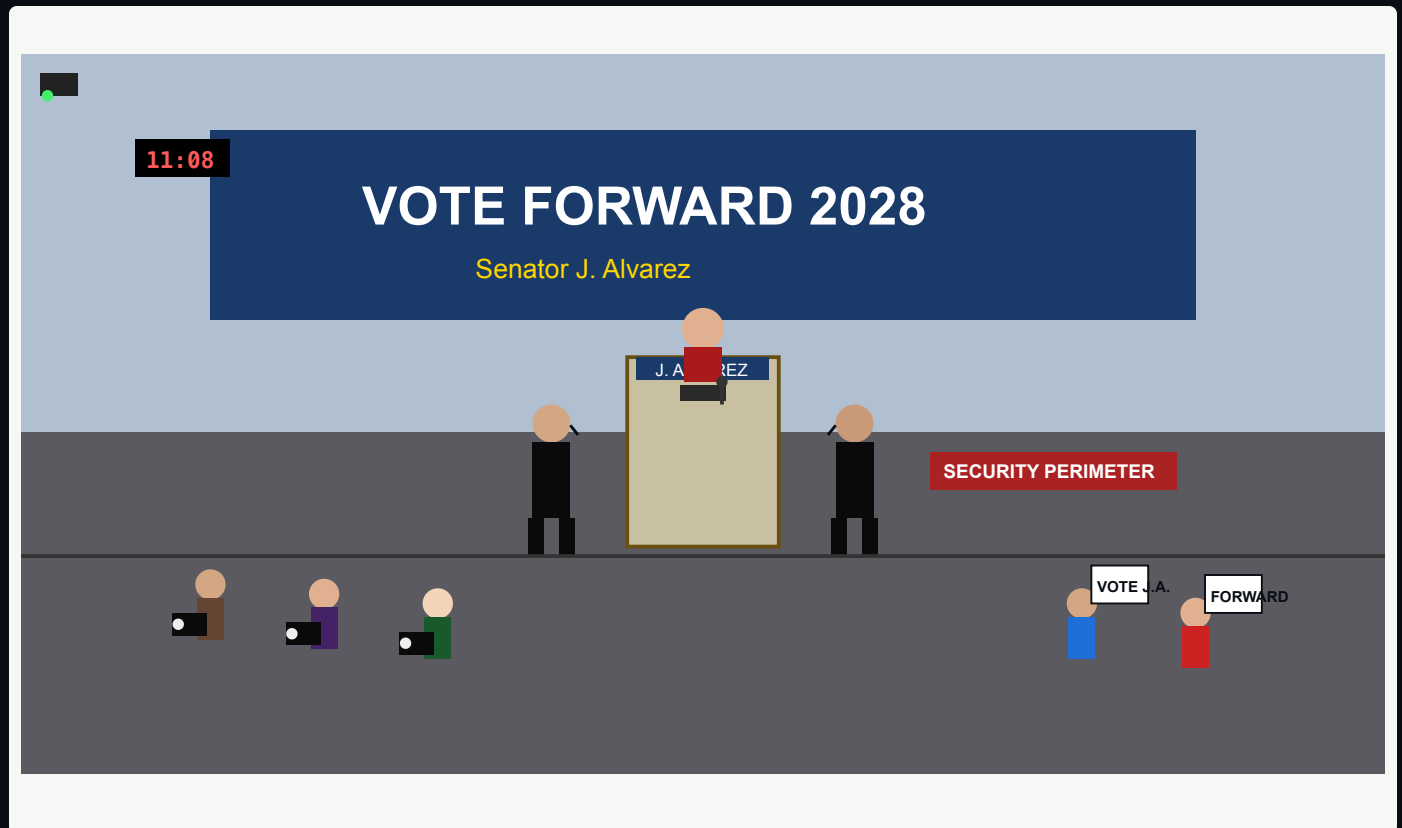

E. E: the circle

SECTION B: Detail Observation with Interference (11 through 20)

Study Scene 15 for 90 seconds, then Scene 16 for 90 seconds. Answer all 10 questions with both scenes off-screen.

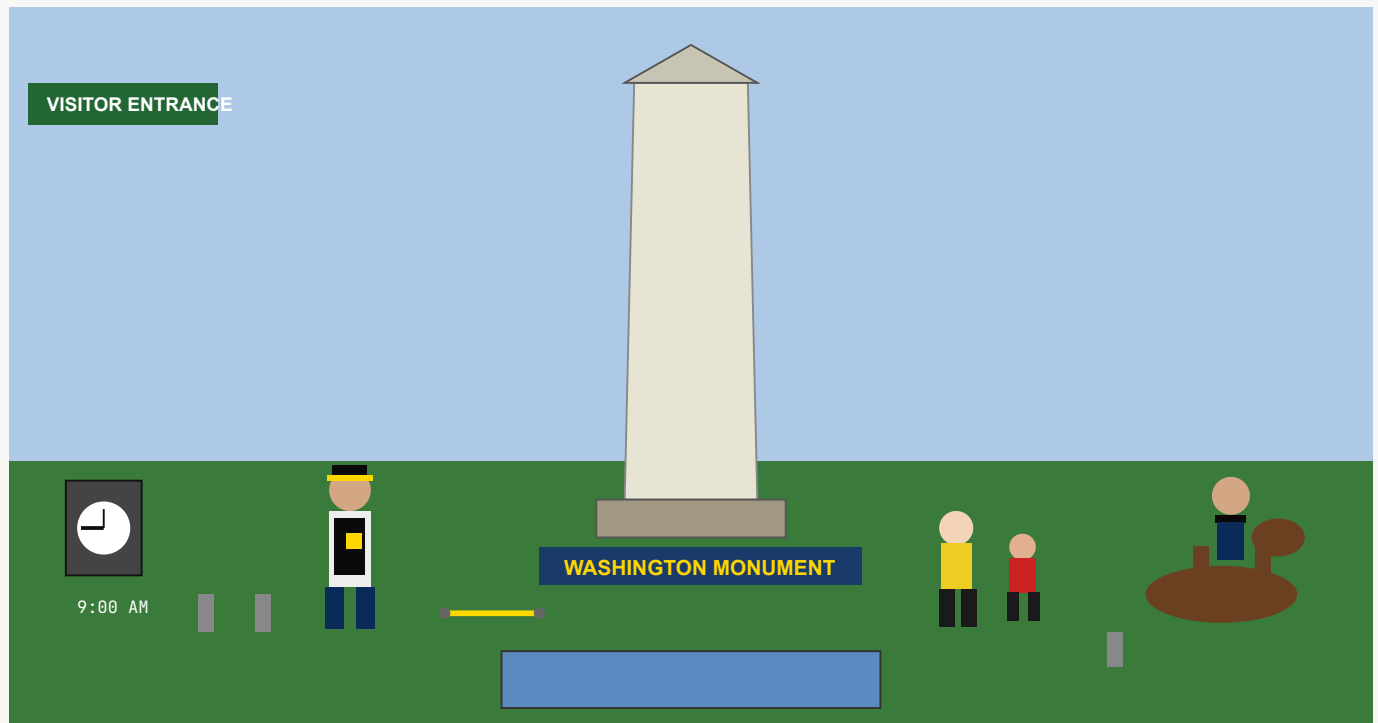

Scene 15: Political Rally Press Conference (study 90 seconds)

🕒 First 90 seconds. Memorize every detail.

Scene 16: Washington Monument Observation Post (study 90 seconds)

🕒 Second 90 seconds. Memorize. DO NOT return to Scene 15.

⌚ Both scenes studied. Scroll down and answer ALL 10 questions WITHOUT scrolling back up.

11. (Scene 15) What was the slogan on the blue backdrop banner?

- A. Alvarez for America 2028
- B. Vote Forward 2028
- C. Forward Together 2028
- D. Senator Alvarez 2028
- E. Move Forward 2026

12. (Scene 15) What time did the digital clock display?

- A. 10:05
- B. 10:48
- C. 11:08
- D. 11:38

E. 12:15

13. (Scene 15) How many press photographers (with cameras at chest level) were visible in the front row of the crowd?

A. 1

B. 2

C. 3

D. 4

E. No photographers were visible

14. (Scene 15) What did the two supporter signs on the right side of the crowd read?

A. "VOTE 2028" and "ALVAREZ"

B. "VOTE J.A." and "FORWARD"

C. "WE STAND" and "VOTE NOW"

D. "SENATOR" and "J. ALVAREZ"

E. No signs were visible

15. (Scene 15) What name was printed on the small plate attached to the front of the podium?

A. J. ANDERSON

B. SENATOR ALVAREZ

C. J. ALVAREZ

D. VOTE FORWARD

E. No name plate was visible

16. (Scene 16) What name was on the gold-lettered sign at the base of the monument?

- A. Lincoln Memorial
- B. Jefferson Memorial
- C. Washington Monument
- D. Capitol Rotunda
- E. No sign was visible

17. (Scene 16) What did the green sign in the upper-left corner of the scene read?

- A. NO ENTRY
- B. VISITOR ENTRANCE
- C. EMERGENCY EXIT
- D. STAFF ONLY
- E. No green sign was visible

18. (Scene 16) What distinguishing element of the Uniformed Division officer's uniform was most visible?

- A. A brown trench coat
- B. A white shirt with a black vest and gold badge
- C. A green camouflage jacket
- D. A plainclothes dark suit
- E. The officer wore no distinguishing uniform

19. (Scene 16) What mounted support unit was visible on the far right of the scene?

- A. A bicycle patrol
- B. A K-9 handler
- C. A mounted officer on horseback
- D. A golf-cart patrol
- E. No mounted unit was visible

20. (Cross-scene) In WHICH scene did the foreground feature a reflecting pool, and what color was it?

- A. Scene 15, light blue
- B. Scene 16, blue
- C. Both scenes had reflecting pools
- D. Neither scene had water features
- E. Scene 15, dark gray

SECTION C: Logic-Based Reasoning (21 through 30)

21. Department regulation: "Holding a valid TS/SCI clearance is a NECESSARY condition for working in the Secure Operations Center (SOC)." Officer Park works in the SOC. Which conclusion MUST follow?

- A. Officer Park holds a valid TS/SCI clearance.
- B. Every agent with TS/SCI clearance works in the SOC.
- C. Officer Park is the only person in the SOC.
- D. TS/SCI clearance is sufficient to work in the SOC.
- E. Nothing about Officer Park's clearance can be concluded.

22. Five officers (P, Q, R, S, T) are assigned to exactly three fixed posts: NORTH, EAST, SOUTH. Each post must have AT LEAST ONE officer. Constraints: (1) P and Q cannot be at the same post; (2) R and S MUST be at the same post; (3) T is assigned to NORTH alone (no one else is at NORTH). Which assignment is consistent with ALL constraints?

A. NORTH: T. EAST: P, R, S. SOUTH: Q.

B. NORTH: T, P. EAST: R, S. SOUTH: Q.

C. NORTH: T. EAST: R. SOUTH: P, Q, S.

D. NORTH: P. EAST: T, R, S. SOUTH: Q.

E. NORTH: T. EAST: P, Q. SOUTH: R, S.

23. Four officers (A, B, C, D) are to be assigned to four DIFFERENT posts (1, 2, 3, 4), one officer per post. How many DIFFERENT assignments are possible?

A. 4

B. 12

C. 16

D. 24

E. 256

24. Four witnesses (Nelson, Owens, Park, Quinn) give statements. AT LEAST ONE is lying (possibly more).

- Nelson: "Quinn is telling the truth."
- Owens: "Park is lying."
- Park: "Owens is lying."
- Quinn: "Nelson is telling the truth."

Which statement MUST be true?

A. Exactly one of Owens or Park is lying.

B. Exactly one of Nelson or Quinn is lying.

C. Both Nelson and Quinn are telling the truth.

D. All four witnesses are lying.

E. No one is lying.

25. "If an officer completes the annual marksmanship course, THEN the officer is certified for carry duty." Officer Lane completed the annual marksmanship course. Which conclusion MUST follow?

A. Officer Lane is certified for carry duty.

B. Officer Lane is NOT certified for carry duty.

C. Officer Lane must also pass a physical fitness test.

D. Only officers who completed the course are certified.

E. Nothing about certification can be concluded.

26. "If the intrusion sensor fires AND the response team acknowledges, THEN the incident is logged." During event #501, the intrusion sensor fired, but the incident was NOT logged. Which conclusion MUST follow?

A. The response team acknowledged.

B. The response team did NOT acknowledge.

C. The intrusion sensor malfunctioned.

D. Both the sensor and the team failed.

E. Nothing specific can be concluded.

27. A Uniformed Division post receives an average of 12 visitor inquiries per hour during daylight shifts. What is the EXPECTED number of inquiries over a standard 8-hour daylight shift?

A. 24

B. 48

C. 72

D. 96

E. 120

28. Premises:

- All trained K-9 handlers are Uniformed Division officers.
- Some Uniformed Division officers serve on the Counter-Sniper Team.

Which conclusion is MOST STRONGLY supported?

A. All K-9 handlers serve on the Counter-Sniper Team.

B. Some K-9 handlers serve on the Counter-Sniper Team.

C. No K-9 handlers serve on the Counter-Sniper Team.

D. It cannot be determined whether any K-9 handler also serves on the Counter-Sniper Team.

E. Every Counter-Sniper Team member is a K-9 handler.

29. A Uniformed Division officer works a four-day-on, two-day-off rotating schedule starting on a MONDAY. If today is DAY 1 (Monday, on duty), which day of the week is DAY 20?

A. Monday

B. Tuesday

C. Wednesday

D. Friday

E. Saturday

30. Consider FOUR self-referential statements:

- S1: "S2 is true."
- S2: "S1 is true."
- S3: "Exactly two of the four statements are true."

- S4: "S1 is true."

Which assignment of truth values is CONSISTENT?

A. S1 = T, S2 = T, S3 = T, S4 = F

B. S1 = T, S2 = T, S3 = F, S4 = T

C. S1 = F, S2 = F, S3 = F, S4 = T

D. S1 = F, S2 = F, S3 = T, S4 = F

E. No assignment is consistent
